To

Sir,

SUBJECT - Enlargement of Aerial Photograph to the detailed survey - 16" to a mile
- ooo -

In continuation of this office letter No 2199/46-47 dated the 12th instant requesting sanction of Government for having an Air Mosaic prepared in respect of additional extent of 28 66 Sq miles of Bangalore City, I have the honour to state that Dr Koenigsberger has since suggested in his letter No 1622 dated the 20th January 1947 the desirability of having a detailed 16' to a mile survey being taken up immediately in respect of the proposed Kankanpalya, Gavipur and Kumara Park West Extension areas This was placed before the Board at its meeting held on the 20th February 1947 After considering the question in detail, it was resolved

> "That it was enough if only the detailed 16" to a mile survey was taken up in respect of the proposed Gavipur Extension area for the present, the question of taking up the other areas being reserved for future consideration after obtaining the results of suvey in Gavipur area "

2 The area involved in respect of the proposed Gavipur Extension as approved by the Board is 1 7 Sq miles The cost of enlargement of the Air Photograph to the scale of 16' to a mile and taking of contours on the ground is estimated to cost Rs 1,421/- per Sq mile The cost of 1 7 Sq miles would therefore be about Rs 2,115/-

3 I request that as resolved by the Board, sanction of Government may kindly be obtained to the detailed 16" to a mile survey in respect of the proposed Gavipur Extension area, the cost on this account being debited to the same source as pointed out in this office letter No 2199 of 16 dated the 12th February 1947
